

I am extremely supportive of the DO NOT CALL LIST. I pay \$40 a month so that I can talk to people that I want to talk to on the phone and telemarketers are not who I want to talk to. If a Bank or any kind of telemarketer wants to call me. Than they should pay my phone bill. I hope that the phone companies will stand behind the list or I might have to stop my service so because there is no reason to have a phone if telemarketers are allowed to call me and interupt my calls with people I want to talk to. SAVE THE LIST!!! FROM ALL TELEMARKETERS.
